PRI is an independent organization supported by the United Nations that promotes the integration of environmental, Social and Governance (ESG) issues into investment decision making and ownership practices. As a signatory, a firm is required to complete a detailed questionnaire with information about their sustainable investment practices in manager selection, securities research, engagement with shareholders, proxy voting and other areas. Each answer is awarded 0,1,2 or 3 points by PRI's assessment team based on key activities or practices that PRI deems favorable. The total points awarded within each section of the report determines the recipient's letter grade. The highest letter grade is A+ and the lowest letter grade is E for each section.
