*Purchases of Class A Shares which, when combined with current holdings of Class A Shares of the Alger Family of Funds offered with a sales charge, equal or exceed $1,000,000 in the aggregate may be made at net asset value without any initial sales charge, but will be subject to a contingent deferred sales charge (“CDSC”) of 1.00% on redemptions made within 12 months of purchase. The CDSC is waived if the shareholder’s financial intermediary notified the Distributor before the shareholder purchased the Class A Shares that the financial intermediary would waive the 1.00% Dealer Allowance noted in the chart above.

In calculating a CDSC, the Funds assume first, that the redemption is of shares, if any, that are not subject to any CDSC.

Distribution and/or Service (12b-1) Fees

Each Fund offering Class A Shares has adopted a plan pursuant to Rule 12b-1 under the Investment Company Act of 1940, as amended (the “1940 Act”), that allows Class A Shares to pay a 0.25% fee out of its assets on an ongoing basis for distribution and shareholder services provided to Class A shareholders. The Distributor may pay some or all of this fee to a broker-dealer, investment adviser or other financial institution (“Financial Intermediary”) that also provides servicing and/or maintenance of shareholder accounts. These fees will increase the cost of your investment in Class A Shares, and may cost you more than paying other types of sales charges.

Sales Charges

Class B Shares are subject to limited availability. See Investment Instructions. There is no sales charge when you buy Class B Shares.
When you redeem Class B Shares, you may pay the following CDSC:

<table>
<thead>
<tr>
<th>Years Shares Were Held</th>
<th>Contingent Deferred Sales Charge (CDSC)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than one</td>
<td>5%</td>
</tr>
<tr>

<tr>

<tr>

<tr>

<td>2%</td>
</tr>
<tr>
<td>Five but less than six</td>
<td>1%</td>
</tr>
<tr>
<td>Six or more</td>
<td>0%</td>
</tr>
</tbody>
</table>

In calculating a CDSC, the Fund assumes, first, that the redemption is of shares, if any, that are not subject to any CDSC and, second, that the remaining shares redeemed are those that are subject to the lowest charge.

Under certain circumstances, the above requirements may be waived. These circumstances are also discussed in the applicable Statement of Additional Information.

After eight years, your Class B Shares are automatically converted to Class A Shares. There are no sales charges imposed on the conversion.

**Distribution and/or Service (12b-1) Fees**

Each Fund offering Class B Shares has adopted a plan pursuant to Rule 12b-1 under the 1940 Act that allows Class B Shares to pay a 1.00% fee out of its assets on an ongoing basis for distribution and shareholder services provided to Class B shareholders. The Distributor may pay some or all of this fee to a Financial Intermediary that also provides servicing and/or maintenance of shareholder accounts. These fees will increase the cost of your investment in Class B Shares and may cost you more than paying other types of sales charges.

**Sales Charges**

There is no sales charge when you buy Class C Shares.

When you redeem Class C Shares, you may pay the following CDSC:

<table>
<thead>
<tr>
<th>Years Shares Were Held</th>
<th>Contingent Deferred Sales Charge (CDSC)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than one</td>
<td>1%</td>
</tr>
<tr>
<td>One or more</td>
<td>0%</td>
</tr>
</tbody>
</table>

In calculating a CDSC, the Fund assumes, first, that the redemption is of shares, if any, that are not subject to any CDSC. The Fund’s Distributor collects and retains any applicable CDSC paid.

Under certain circumstances, the above requirements may be waived. These circumstances are also discussed in the applicable Statement of Additional Information.

**Distribution and/or Service (12b-1) Fees**

Each Fund offering Class C Shares has adopted a plan pursuant to Rule 12b-1 under the 1940 Act that allows Class C Shares to pay a 1.00% fee out of its assets on an ongoing basis for distribution and shareholder services provided to Class C shareholders. The Distributor may pay some or all of this fee to a Financial Intermediary that also provides servicing and/or maintenance of shareholder accounts. These fees will increase the cost of your investment in Class C Shares and may cost you more than paying other types of sales charges.

**Sales Charge Discounts**

In addition to waivers of sales charges for eligible investors, there are several ways in which any investor in Class A Shares may be eligible for a sales charge discount. Information on sales charge discounts is posted on the Fund’s website, www.alger.com.

When purchasing Class A Shares, when the dollar amount of your purchase reaches a specified level, known as a breakpoint, you are entitled to pay a discounted initial sales charge. For example, a purchase of up to $24,999 of Class A Shares of the Fund would be charged an initial charge of 5.25%, while a purchase of $25,000 would be charged an initial charge of 4.50%. There are several breakpoints, as shown in the above sales charge table for Class A Shares. The greater the investment, the greater the sales charge discount.
A sales charge discount is also available to Class A Share investors who indicate an intent to purchase shares in an amount aggregating $25,000 or more over a 13-month period. A Letter of Intent (“LOI”) allows the Class A Share investor to qualify for a breakpoint discount now without immediately investing the aggregate dollar amount at which the breakpoint discount is offered. The investor must refer to the LOI when placing purchase orders. For purposes of an LOI, the purchase amount includes purchases by “any person” (which includes an individual, his or her spouse or domestic partner and children, or a trustee or other fiduciary of a single trust, estate or single fiduciary account) of shares of all classes of the Funds in the Alger Family of Funds offered with a sales charge over the following 13 months. At the investor’s request, the 13-month period may begin up to 90 days before the date the LOI is signed. The minimum initial investment under the LOI is 5% of the total LOI amount. Further details are in the Statement of Additional Information.

A third way that an investor in Class A Shares may be eligible for a sales charge discount is by reason of Rights of Accumulation (“ROA”). With ROA, Class A Shares of the Fund may be purchased by “any person” (as defined in the immediately preceding paragraph) at a sales charge discount as determined by aggregating the dollar amount of the new purchase and the current value (at offering price) of all shares of all classes of the Funds in the Alger Family of Funds offered with a sales charge then held by such person and applying the sales charge applicable to such aggregate. In order to obtain such discount, the purchaser must provide sufficient information at the time of purchase to permit verification that the purchase qualifies for the sales charge discount. The right of accumulation is subject to modification or discontinuance at any time with respect to all shares purchased thereafter.
WAIVERS AND DISCOUNTS AVAILABLE FROM INTERMEDIARIES

The availability of certain sales charge waivers and discounts will depend on whether you purchase your shares directly from the Fund or through a financial intermediary. Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load (“CDSC”) waivers, which are discussed below. In all instances, it is the purchaser’s responsibility to notify the Fund or the purchaser’s financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase Fund shares directly from the Fund or through another intermediary to receive these waivers or discounts.

Shareholders purchasing Fund shares through a Merrill Lynch platform or account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Fund’s prospectus or SAI.
